SPLENDID PRIZES WILL BE AWARDED ACTIVE WORKERS ON JULY 17

Interior Journal's Big Travel Tour and Prize Contest is Nearing the Close and the Contestants and Their Friends Should Make the Most of the Short Time Remaining. One or Two More Subscriptions May be the Means of Winning the Very Prize You Most Desire. Keep Busy Every Day.

THE SECOND VOTE OFFER

Closes July 1st at 9 O'clock. Only six Days Left to Take Advantage of This Big Vote Inducement Which is Nearly as Large as the Best Vote Offer of the Contest.

How many subscriptions have you secured or have pledged to you so that you can get them before Thursday night, the close of the Second Big Vote Bonus Offer? Are you taking full advantage of this big vote inducement and doing everything possible to clinch your success at the finish of this most interesting of races. If not, better get busy at once and gather in every subscription possible during the next few days.

After the contest is over, you will undoubtedly be able to think of a great many places where you might have secured a subscription if you had only asked for it. Don't let this happen but think of these places now and then go at once and get the subscriptions. When you are "acing back and forth waiting for the final decision of the judges, you will think of the many moments you have wasted, that you might have used to good advantage in winning the prize you most desire. Make up for the moments you have wasted in the past by redoubling your efforts from now until the finish. You are working for prizes that are worth your best efforts and you should leave nothing undone to win the prize you most desire.

The Leland Piano. The contestant securing the greatest number of votes in the entire contest will be given the choice between a Leland Piano or a Tour to the Panama Exposition. The Leland Piano is indeed a handsome instrument—one that is noted the world over for its handsome appearance, high quality and fine tone. The Leland Piano was selected after the most careful consideration as the one which would please the majority of the contestants and bring the most real enjoyment to the winner. It is made by Lyon & Healy, of Chicago, and will be particularly especially for this contest from their local agents, the Hamilton-Smith Music Company of this city.

Closes July 1st. The Second Big Vote Offer closes on Thursday, July 1st. Votes on subscriptions count up very rapidly until the final tally. Every subscriber cashed and gathered in as many subscriptions as possible in the next few days.

The Interior Journal's big Travel Tour and Prize Contest closes on Saturday, July 17th. If there is any mistake in the count of any contestant's vote up to the present date, it must be called to the attention of the contest manager before next Monday night. Otherwise the standing as published today must be taken as correct.

Until further notice, contestants will be allowed to poll a sufficient number of votes to place their standing 30,000 in advance of the leader of the preceding issue.

The schedule of votes is given below.

Your Field the Whole World.

You who think that your chances have gone and that the field has been well covered by the other contestants should pause for a moment and think of the many friends, former residents of Lincoln county and now living elsewhere who would be glad to help you by subscribing for the I. J. and thus getting the news from their former home. Send these people a letter today. Many a contest has been won by some ingenious contestant who appealed to her friends away from home and thus secured votes where others might have, but did not think of it in time. Also the field in this county and vicinity has not been covered by any means. Although contestants have secured subscriptions here and there, many and many a new subscription, probably more than enough to win the very prize you most desire, is lying idle at your very door waiting for you to come after it.

Providence helps those who help themselves, and likewise the world. The one who goes after things is the one who gets them. With such a splendid field to work in, there is no reason why you should not win one of the biggest prizes if you will go after the subscriptions. Remember the Secret of Success.

This rule success and great wealth brings.

You'll find that it is true.

You must go after all the things.

That will not come to you.

Votes may be gathered and subscriptions secured wherever you can get them. You are not confined to your own district in securing subscriptions. However, with the exception of the Capital Prize, you need only compete against those in your district for any of the prizes.

The Big Vote Offer.

The schedule of votes given below will be in force between the dates of June 21st and Thursday night, July 1st at 9 o'clock. No better vote offer will be made at any future time during the contest so do not hold back subscriptions with the expectation of getting a bigger vote for if you do you will be greatly disappointed.

The bumper grain crops have created an enormous demand for harvest hands in the Middle Western States. LABOR LEADER IS AMONG TESTIFIERS

Charles Peetz Tells How Tanlac Brought Him Ready Relief.

Louisville, Ky., June 25.—Here is what Charles Peetz, prominent labor leader, of 101 West Market street, this city, has to say about Tanlac, the premier preparation, and the benefits he derived from the use of the medicine:

"I have been in a half-sick condition for months. I was all run-down, nervous, and had no appetite. My stomach was empty and I felt as if I was being choked. I often had headaches and was depressed in spirits.

"I find that Tanlac just exactly suits my case. After using the medicine about a week or ten days, my appetite and digestion are much better. I now sleep better and feel stronger in every way."

Tanlac, the premier preparation, that proved such a boon to Mr. Peetz and hundreds of others in Louisville and Kentucky, is now being taken by many of our citizens right here in Stanford. It is an excellent spring tonic, blood-purifier and tissue builder.

Tanlac can be obtained in Stanford at Penny's Drug Store. 51-1

Value of Candy as Food.

The value of candy is recognized by military authorities. The British soldiers in France are reported as consuming "prodigious quantities of sweets."

A captain at the front with the British army reports that the canteen has "five times the demand for sweets than was expected, and one-fifth the demand for beer." The Australians encamped in Egypt have eaten all the chocolate to be had in Cairo.

Scientists contend that sugar has much food value and is a good substitute for alcohol. Chocolate, for example, is harmlessly stimulating. Soldiers have discovered what scientists knew before, that sugar will relieve fatigue quickly and give a sense of strength that is real without the subsequent depression experienced by those who use spirits. Sugar and candies are found to be useful not only to the physically tired, but to those who suffer mental exhaustion.

It is rumored that A. R. Burnam, Jr., of Richmond, will be asked to make the race for Circuit Judge as the Republican candidate from his district.

Entered at the postoffice at Stanford as second class mail matter.

Gov. Slaton showed moral courage in commuting the death sentence of Leo Frank to life imprisonment. To have read the newspapers since the killing of Mary Phagan was to know the intensity of the feeling against the alleged murderer. Any man who ventured to express in a public manner his belief in the innocence of Frank was subject for the pillory of public indignation. In and around Atlanta, Burns and his detectives were literally run out of the "Gate City of the South" because they worked on the theory and began to adduce evidence to support their contention that Frank was innocent. Public opinion was intolerant when Frank's innocence was suggested, yet the judge who tried the case and the governor who reviewed it—both Southern men and true Georgians—felt that his guilt was not proven. Gov. Slaton might easily have left the case over for his successor, who is soon to take his seat, to pass upon. But he acted the part of a man, met the issue squarely and did his duty unflinchingly. The calm judgment of the people will approve his courage.

Mr. McClesney has converted one man at least during his speaking tour of the State for the democratic nomination for governor. He is Editor T. Saunders Orr, of the Harrodsburg Leader, who made the sales Mr. McClesney's speech made in Harrodsburg a few days ago. For Orr has boxed all of the points of the political compass and it is not improbable that he will line up in the McClesney column in August, even if he is running a Bull Moose paper. He is a mighty clever man, however, and his friends would be glad to see him back in the party of parties, where he rightly belongs and where he should have remained all along.

James P. Edwards, of Louisville, has announced for the democratic nomination for lieutenant governor. There are all sorts of rumors as to who his entrance will help and hurt. We are not enough of a politician to discuss the matter and care very little about it. What we want is a ticket that will eclipse in the race in November and the we expect to see it matters not who enters or withdraws during these hot political days of June.

Hos. W. P. Kimball has announced for the nomination for circuit judge of Fayette. The old "wheel-horse" democrat has many friends in this neck of the woods who would be mighty glad to hear of his nomination and election. There was never a better democrat nor a cleverer man called "Press," as his legion of friends call him.

President Wilson seems to have pleased the public as well as himself in the appointment of Mr. Lansing to the portfolio of Secretary of State. But then the president does the right thing so often that it is hardly noticed by the public which just knows he is going to do it.

J. W. Newman has withdrawn from the race for the democratic nomination for governor. He had never gotten really started at his retirement will cut very little figure in the race. He issues a rather sensible card, the salient points of which appear in another column.

Hot Weather CLOTHES

These Sweekering days we want to wear as few clothes as the law allows—yet we have to wear them and want to select the garments that are the most comfortable and yet most genteel. Palm Beaches are very popular; the genuine ones are wool one way, do not draw up if washed properly. So be sure to get the genuine article; the imitations fade and draw up—so you better get them from us and be sure—sizes 34 to 50, in light colors, shepherd plaids and grey. Blue Serges—nothing prettier, nothing as good. A blue serge suit with an extra pair of trousers of white wool and you are well dressed. These we have in any size and price, \$10.00, \$15.00, \$20.00 and \$25.00. Mohair and Alpaca Coats in black and gray, regular and extra sizes, \$3.50 to \$5. Wash Trousers at \$1.00 and \$1.25. Keep cool by wearing our cool clothes.

Wonderful Blood Remedy That Works in the Tissues

The Very Latest Theory About How and Why the Blood is Disordered.

S. S. S. Means Pure Blood Which Insures Long Life and Health.

The great experts in Chemistry and Physiology now declare what has all along been contended by the Swift Laboratory—that the germs of blood disorders find lodgment in the interstices of the tissues.

And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.

This famous blood purifier contains medicinal components just as what are essential to healthy blood as the nutritive elements of wheat, roast beef, and fats and the sugars that make up our daily ration.

As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutrient. That is why it regenerates the blood supply, why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

And in regenerating the tissues S. S. S. has a rapid and positive antiodontal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, loss of weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced by all sufferers with poisoned blood.

Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life.

S. S. S. is prepared only in the laboratory of the Swift Specific Co., 201 Swift Building, Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.

S. S. S. is sold everywhere by all drug stores.

Beware of all attempts to sell you something "Just as good." Insist upon S. S. S.

Mrs. John G. Lynn Dies Suddenly.

Mrs. John G. Lynn died at the home of her daughter, Mrs. E. T. Pence, Jr., at 11:25 Wednesday night after an illness which began late Monday afternoon. On last Thursday she came to the Pence home to spend a few days and was in her usual health. On Monday at noon she complained that she had a severe pain in her head and at supper time she became unconscious. No hope was given out for her from her physician's first visit and she never regained consciousness. Uraemic poison caused her death. Deceased, who was the widow of John G. Lynn, was 63 years old and for many years had been a devout member of the Baptist church. She was a daughter of the late John M. Hall and is survived by three daughters, Mrs. Eugene Wood, Mrs. E. T. Pence, Jr., and Mrs. W. H. Fields. She also has three children who have passed into the beyond. Mrs. Lynn was an excellent woman and was loved most by those who knew her best. She was a great lover of home and seldom left its sacred portals except to go to church or visit some close friend. Truly a good mother has gone to her reward, which we verily believe is a rich one.

Funeral services were conducted at the Pence home on Hustonville street at 10:30 this morning by Dr. M. D. Early, assisted by Rev. R. R. Noel, and after which her remains were laid by the side of her husband, who preceded her some eight years, in the Buffalo Springs cemetery. The pallbearers were close friends of her husband. They were: M. S. Baughman, J. N. Menefee, Sr., T. D. Newland, R. L. Porter, W. M. Fields and S. T. Harris.

Goodyear Fortified Tires Cost Users \$5,000,000 Less

Our last price reduction—made February 1st—will save Goodyear users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

Yet Note This

Yet Goodyear Fortified Tires embody many extras. Five are costly features found in no other tire. The rest are found in few.

If we omitted those extras, we could save on this year's probable output \$1,635,000. We could add that to our profits, yet Goodyear tires would look as good as now.

This year's improvements alone will cost us \$500,000 this year. All to give you ex-

tra wear. And we shall spend \$100,000 on research this year to find more improvements still.

They Are Yours

These extras belong to you.

They mean less rim-cuts, less blowouts, less loose treads. They mean more rubber, more fabric, more mileage, less trouble. Most tire users know that, so Goodyear tires far outlast any other.

Prove it yourself this summer. It will bring you tire contentment.

Any dealer, if you ask him, will supply you Goodyear tires.

Men are now adopting Goodyear tires faster than we can supply them. We have never seen anything like it.

Newman Withdraws from Race.

Commissioner of Agriculture J. W. Newman on Wednesday withdrew from the primary race for the Democratic nomination for Governor and gave out a statement, setting forth his reasons. This leaves in the race Lieut. Gov. E. J. McDermott, of Louisville; State Auditor H. M. Bosworth, of Fayette county; A. O. Stanley, of Henderson, and H. V. McCheaney, of Frankfort. The main points of Mr. Newman's statement are as follows:

"A canvass of different sections of the State has convinced me that the people who are opposed to State-wide prohibition are the 'wettest of the wets' and that those who are for State-wide prohibition are for the 'driest of the driest.' Should I remain in the race and a 'wet' man win the nomination, and should the combined vote of the other 'dry' candidate and myself exceed his vote, the 'dry' voter would have ground for claiming that the successful candidate did not represent the majority of the voters in the Democratic party. It has always been a fundamental principle of Democracy for the minority to submit to the will of the majority. With two extreme candidates and a free fight and a fair count, there can be no excuse whatever for any Democrat to bolt an 'after-the-primary-convention' that writes a platform embodying the views of the successful candidate. A pre-primary convention might not express the will of a majority of the voters, but the voters themselves can express their wishes on this issue with only two candidates seriously in the race.
